We will work to approve a New York State Constitutional Convention on Nov 7, 2017. At that convention we will design a system of strict cannabis sales and distribution, with appropriate taxes and license fees for New York voters to decide in 2019.

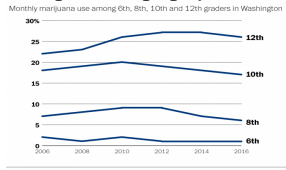

Thanks for generous support of QuadDueceNil, a Cannabis Lifestyle Brand.

Teen pot use drops sharply in Colorado

Washington kids not going to pot

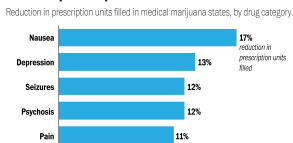

To ensure that we keep marijuana out of the hands of children, and the profits out of the hands of criminals, we must legalize, regulate, and restrict access to marijuana in New York State.

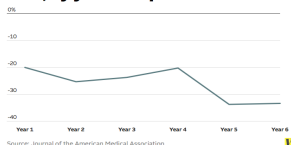

We must remove cannabis consumption and incidental possession from our laws, and create new, stronger laws to punish more severely those who provide it to minors, operate a motor vehicle while under its influence, or sell it outside of our new regulatory framework.

Pot and prescriptions

Reduction in expected opioid deaths in states with medical marijuana laws, by year of implementation

Vote Yes! Nov 7!

New York State Constitutional Convention

Legalize, Regulate and Restrict Access to Marijuana!

Our laws have failed and Albany is paralyzed by entrenched status quo. Our laws have not prevented young people from using marijuana. Too many New Yorkers end up with criminal records for possessing small amounts of the drug. Arresting and prosecuting these offenses is expensive. It traps too many of us in the criminal justice system for minor, nonviolent offenses. At the same time, the proceeds from the illegal drug trade support organized crime, corruption and greater threats to public safety, like human trafficking and hard drugs.

WE ACCEPT THESE MAJOR CREDIT CARDS
